Guilty also of forgery

Prison for Drema for clouting cop

by GLORIA DAVIS

A 21 year old Chicago woman, who was charged with forgery and assault by the Antioch Police Dept. in November 1980, has been sentenced to two years in the Illinois Dept. of Correction for forgery plus two months for battery against a law enforcement officer.

Drema K. Woods, alias Drema K. Foster, alias Susan B. Fisher, was sentenced last week in the Lake County Court of Judge Jack Hoogasian.

Woods was picked up by the Antioch Police Dept. on Nov. 18, 1980, after she tried to make a split \$500 deposit in a bank account that was not her own, with checks stolen in Chicago, at the First National Bank of Antioch.

Woods had been successful doing the same thing previously, using the same bank ac-

count, so this time when she attempted to make a partial deposit in the account and receive the rest in cash, the bank immediately notified the police department.

While being questioned by Lt. Tom Fisher at the police station, Woods struck the officer in the head with a red flasher light she had taken from his desk.

After spending the night in the Antioch jail, she was remanded to the Lake County Jail where she was held for months under \$25,000 bond.

She was released and her case floated around the Lake County Courts until she pled guilty and was sentenced last week.

Woods has a long police record from several different states that includes charges and convictions of assault, larceny, fleeing to avoid prosecution, and grand theft.

She served time in prison on the grand theft charge and was out on parole when she was picked up by the Antioch Police Dept. on Nov. 18.

Haunts Galore!

It looks like Antioch's spook lovers will have plenty of chances to be frightened during October, the traditional "scarey" month, with both the Jaycees and the Grass Lake PTO again offering their versions of "Haunt Haven."

Fred Skvarce and Ed Bakshis of the Jaycees promise that theirs will be "the best haunted house ever." It will be situated as usual in the parking lot of the State Bank of Antioch.

The Grass Lake School PTO is offering children a chance to win a free ticket to their seventh annual goulash gala by entering a picture coloring contest.

See next week's paper for copy of contest picture.

Admission to this haunted house will be \$1.50 and 25 cents of that will go to the Neediest Children's Fund.

Both are slated to run from Friday, Oct. 23 through Oct. 31.

The Jaycees scarey sanctum will be open from 7-10 p.m., on weekdays and from 7 p.m. to midnight on weekends.

Lions to sell candy to help deaf and blind

The annual Lions Candy Day, with profits to go to the visually impaired and those with a hearing handicapped, will be held on Friday, Oct. 9 and Saturday, Oct. 10, in Antioch.

Paul Maginot, of the Maginot Funeral Home, Antioch, will be the Candy Day chairman for the fourth year in a row. He is hoping that the Antioch Lions Club will be able to match the funds that were raised last year which totaled \$5,000.

Forty-nine percent of the funds raised from this drive remain in the Antioch area. They are used to help purchase glasses, books, reading machines and hearing aids for those with visual and hearing impairments.

The other 51 percent is sent to the Lions of Illinois Foundation and is used in places such as the Hadley School for the Blind and Camp Lions, which is a camp for children with hearing and visual defects.

Lion President Jim Knigge and all the members of the Antioch Lions Club are hoping that the people of Antioch will continue to support this most worthy project as in the past, so that once again life can be made a little brighter for those with these impairments.

ACHS program

Blecke's 'Pow-Wow' goal is to inform parents

by GLORIA DAVIS

For the last four years, Antioch High School's Principal Art Blecke, has been hosting a weekly program to acquaint parents of new freshman students with the staff and the mechanics of the school that their children are now attending.

Blecke goes down the list of parents of freshman in alphabetical order and each week, invited 12 of them to join him for lunch, which includes a casual discussion period and a tour of the school's facilities.

I attended the "Principal's Pow-Wow," as Blecke calls it, on Thursday, Oct. 1 with six parents in attendance, the program began with a whimsical slide presentation that light-heartedly explained some of the things that the parents "may have been wondering about and were afraid to ask."

The parents then joined Blecke and Supt. Warren Polley in the lunch line, along with the kids, and were treated to the same lunch that their children were eating that day.

Thursday's menu included homemade lasagna and green beans for 85 cents. Milk and one of the delicious looking home-made desserts was at extra cost. All the parents agreed that, though the school lunches had gone up in price this year, a comparative meal could not be gotten, even at the present price, anywhere else.

An informative discussion took place

during the meal, with Polley and Blecke answering many of the parents' questions.

Busing of special students, the drug problem, what the school is doing to curb it and student discipline were among the discussion topics.

According to Blecke, the first time a user is caught with drugs in their possession on the school premises, the parents and the police are notified, then the student is given the choice of appearing before the board of education, a two week suspension or taking part in the drug abuse program now available at the school.

"We have never had a repeater who attended the drug abuse program," said Blecke.

Expulsion is recommended to the board of education for the second time offender. They are treated the same as a drug dealer.

Both Blecke and Polley, while not denying that a serious drug problem still exists at ACHS, as in most high schools, said that the problem is on the decrease.

Bus seating and the "policing" of the activities in the commons were also talked about.

The parents then toured the school, seeing the students and teachers in action.

"The taxpayers pay for the school and they have a right to know what's going on here," said Blecke.

Moose Women honor Schroeder

The Sept. 24 business meeting of the Women of the Moose was attended by 40 members. The Senior Regent, Terry Smallwood, called upon collegian Norma Lowe to install two newly appointed officers for the remainder of the year.

Julia Portalski will serve as argus while Louise Imburgia accepted the position of musician.

Following the installation, the charter was draped for 30 days in memory of collegian Gladys Schroeder. Gladys had been a member of the organization for 27 years, 18 of which she served as musician, the position she was serving before her departure on Sept. 9.

Donations of more than \$150 were being sent to Mooseheart in her memory.

During the business portion, Evelyn Beard, reporting for the vacationing publicity chairman, gave details of the committees' chapter night of Sept. 3.

The Recorder Judy Page gave a report on the annual State Moose Convention in Peoria which was attended by four of the officers and two collegians.

New changes were announced that will be received by the chapters in the bulletin sent from Mooseheart in November.

One of the guest speakers at the convention was a gentleman who resides at Moosehaven, the city run by Moose members for their aged. The three day sessions were enjoyed by all.

The Moosehaven committee, chaired by Marge Muse, announced their upcoming Westward Ho! Dinner-Dance of Oct. 10.

Dinner will be served from 6-7:30 p.m.; square dancing (with audience participation) will begin at 8 p.m. Dance music will be by Johnny Vest will be provided

at 10 p.m. Tickets are available from the Moose home or the night of the dance.

Senior regent reminded all of the special family portrait weekend Oct. 25 and 26. Details can be secured at Moose home or in the Moose monthly bulletin.

The children's Halloween party, Oct. 31 will be from noon to 2 p.m. It will be a luncheon along with costume prizes and parade.

The October meetings were held Oct. 1; the enrollment and the business meeting, on Oct. 15.

Carole outlines senior sharing program

by CAROLE RISK

While Antioch's older residents are waiting for the senior citizen housing project to become a reality, there is another possibility that they may want to consider: It is called home-sharing. This program has been successful for people who find it difficult to go it alone. The program was a trial project for the Lutheran Social Services of Illinois and the Council for the Jewish Elderly in Chicago and surrounding suburbs.

In short, the plan is a project that prevents older

people from giving up their homes by matching them with people who share their likes and dislikes and who would like to stay in their communities.

They will gain help for their increased need for companionship and help with the household tasks and paying the bills.

In other words, a couple of senior citizens would be able to maintain their independence by helping each other with tasks that have become too difficult for one person by sharing a home or

apartment that is too big now that everyone is grown and gone.

Studies of this program have shown that there is immediate and dramatic improvement in older peoples' outlook just from the benefits of companionship that this program provides.

Of course there has to be a reasonable solution worked out as to who's furniture goes where and how the bills will be split, but Phyllis Mitzen, administrator of the Family Support program, said that these issues have not been a problem, since

most people are very happy to find someone to share with.

For those over 65, who may find themselves in the unenviable position of finding out that medicare is inadequate, there are some very good insurance policies that cover the gaps that medicare has in its system.

Of course seniors must understand that medicare was never intended to cover everything.

Dental care, eyeglasses, private duty nursing, custodial care, and foot care are not covered at all, but

you can obtain one of the best "medigap" insurances through the American Association of Retired Persons, insured by Prudential.

Another policy considered very good is offered by Blue Cross and Blue Shield.

You can get a free booklet that states exactly what the plan covers by writing to Blue Cross and Blue Shield, 233 N. Michigan, Chicago, Illinois, 60611.

NOTE: Antioch senior citizens, are you aware that most of the recipients of the much discussed \$122

minimum monthly social security benefit are women 70 years and older, and that the great majority of these women are widowed homemakers, who barely got in the 12 qualifying quarters of work required for social security eligibility.

The proposed cut will bring down the minimum monthly benefit to \$73.20.

These are not people that are living off the interest that their investments are earning, these are people who are just making it now.

Flags hamper Antioch

by GLORIA DAVIS

The Antioch Sequoit varsity football team took the Lake Zurich Bears by one touchdown in a hard fought game on Saturday, Oct. 3, at Lake Zurich.

Both teams failed to get on the scoreboard until Antioch got their one and only touchdown with three minutes left in the fourth quarter.

The 64 yd. drive that took 14 plays, started on the Antioch 36 yd. line. Matt Stevens carried for 10 yds.; George Bessette carried for five, six, and another six yds.; Mike Kotlinski took it for five; Stevens another four; Kotlinski another five.

After a penalty for illegal motion, Stevens carried for three, Bessette five, Stevens another one, making it first and 10 on Lake Zurich's 20 yd. line.

Quarterback Scott Poulter threw a 10 yd. pass to end Bob Thain and then Bessette took it for two and Kotlinski carried the final seven for the touchdown.

The conversion kick by Derek Olsen was good, giving Antioch its 7-0 win.

Sequoit Coach Steve Wapon said that Antioch's numerous penalties were to blame for the lack of more scoring on the Sequoit's part.

"Everytime we started to move the ball we got called for something," he said.

He added that he had an "extremely difficult time finding the reason for some of those penalties on the game films."

Wapon said "We moved the ball well and played a defensively sound game."

He cited the Bears gain of 99 yds. total, saying that, with the exception of the Bears one 71 yd. run in the second quarter, the defense held Lake Zurich to only 28 yds.

Carl Amundsen's tackle, after coming from the far side of the field, stopped that Bear run.

The Sequoits will face the Grayslake Rams, Saturday, Oct. 10, at Grayslake.

Wapon said that he expects a tough ball game, crediting Grayslake with a well-coached and well-disciplined team.

Chicago police are holding Mrs. Marguerite Hehn of Antioch for questioning in connection with the death of her estranged husband Jake Hehn. A sharp pair of scissors said to have been used in the stabbing lay near him. In September Mrs. Hehn was arrested for wrecking Mr. Hehn's hotel room, throwing his belongings through the glass window onto Madison St. It was said she gave the police a hard time when they tried to get her in the patrol car. She was a former beauty operator in Antioch and was working in that field in Chicago.

"Finders Creepers" has been selected as the Junior class play of the Antioch Township High School and tryouts will begin this week.

The sheriff's office said that no trace has been found of Raymond Morton of Wilmot, missing since Sunday. He left for Lake Bluff to see about installing plastic tile in a bathroom and never returned home. Morton's mother told police her son had been beaten Thursday and blamed union men for the assault. Foul play is suspected. Morton is married and the father of three children.

Successful candidates among the sophomore cheerleaders at the Antioch Township High School are Wendy Midgley, Gail Pedersen and Donna Martin. Rosemary Wolf and Lois Flattum were the successful freshmen contestants.

When I think about it

Will tightening our belts save our pants tomorrow?

by GLORIA DAVIS

"Mutiny in the County," the village, the state and the nation, seems to be the action advocated by those who are vociferously objecting to the President's funding cuts.

Unfortunately, Mr. Reagan seems to be in the position of a foster parent who takes charge of a spoiled teenager, raised by permissive parents.

Changing the flow of the river at this point is not only extremely difficult but sometimes impossible.

As in the case of the permissive parents, for many years, our "do good" politicians have given the voter what he wants and in many cases much more than he has earned.

Consequently, now that the time has come when the government's larder is not only empty but the larder itself is disappearing, telling the people, some who have gotten something for nothing for a long time, that now they are going to have to fend for themselves, is not the best way to win a popularity poll.

Were all the across the board cuts necessary? Have many funds been cut when they shouldn't have been?

Since I have a hard time balancing my own checkbook and since economics was never one of my fortes, far be it from me to give an opinion on the whys, wherefores and hows of our present unpleasant economic situation.

I say this, especially since all of the so called expert opinions I have read disagree.

Maybe it's a case where cutting everything to the bare bone is cheaper, in the long run, than trying to ferret out the deserving from the unnecessary, in a system messed up with overcosts, overemployment and overpayment.

In other words, maybe the cost of finding out who the needy really are would be more than the money saved by that sort of investigation.

In this instance, I cite the welfare agency that spent \$3 million to distribute \$1 million, an agency whose budget lumped the \$150 cost of paper clips in the same section as they had \$5,000 for "miscellaneous."

All of you have either heard or experienced the type of incident where a person is seen depositing bags of groceries in a luxury car, groceries that food stamps paid for.

The topper comes when the car has a boat and trailer attached.

The cut in social security benefits seems to have raised the loudest cries of protest.

First of all, many of those that are screaming the loudest are those that have taken part in the abuses that have been responsible for the breaking of the social security system.

The system was meant as way to subsidize retirement income. It was never meant to supply funds to completely support one in their old age. It was never meant to send kids to college, or support a 45 year old widow.

To those of you who are complaining that you can't live on a social security check that is \$50 dollars lighter, you have my sympathies. I don't know how you lived on the amount that the system paid before the cut.

To the thousands that lived on social security checks of people that have been dead for years or have partaken in many of the other abuses of the system that we have been reading about lately, tough! Try working for a living like those who supplied the funds you have been stealing have done for years.

The same goes for the majority of welfare and unemployment recipients who have been getting something for nothing for a long time.

What happens to those who really need help and cannot fend for themselves? Of course they can not be ignored, but why must this help come from a near-bankrupt federal government.

What's wrong with each locality taking care of its own? By doing it on this smaller scale, won't it be easier to see that only those who really need help get it?

For years local organizations have raised huge sums of money for park beautification, a newer fire engine, disease research etc., all commendable but secondary to the support of people in real need.

Why can't each area handle their own needy this way and put the other things on hold for awhile until our country's finances are straightened out?

Now that the politicians who are up for election have been influenced by the electors loud objections, will we sit back and watch our country continue on the same disastrous trail that their predecessors blazed.

This may be the last chance for national survival.

A tightening of the belt now may insure that we still have a pair of pants to hold up in the tomorrow

Antioch men have record, musical one, that is!

Local talent has put Antioch on the map again. Frank and John Stonebridge, known to people in the area as Sebesta, have launched their career in the world of music and released their debut 45 RPM record "Everybody's Rockin in Chicago" and "I'm Alone" on Sebesta Records, a family owned record company.

Both graduates of Antioch High School (ACHS) their song "Everybody's Rockin in Chicago" was used by WLS-TV as background for its reports on Chicagofest this summer; was written and produced by Frank Stonebridge (Sebesta), who sings and plays all the music along with his brother John.

Both songs were recorded at Sound Impressions studio and is available in 50 stores in the Chicago area — including Ben Franklin and Roundabout Records in Antioch.

Cary Baker record critic, said that he was surprised when, expecting just another record, he discovered himself treading "psychedelic" waters.

Baker was excited by the strange combinations of influences he was unaware of in today's music industry.

The Sebestas, who have performed around Chicago area for 12 years, realizes it's an uphill struggle getting ahead in the record

business.

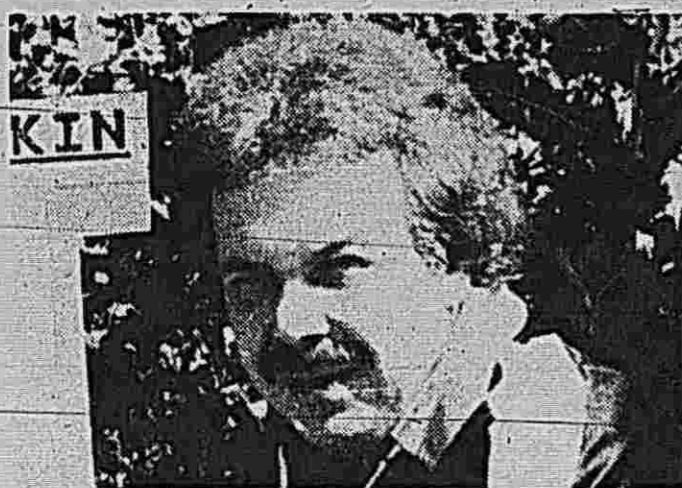

So far only a few radio stations, WKZN in Zion, WNUR-FM in Evanston and WZRD-FM in Chicago, have agreed to play Stonebridge's songs.

Frank was a star football player at ACHS

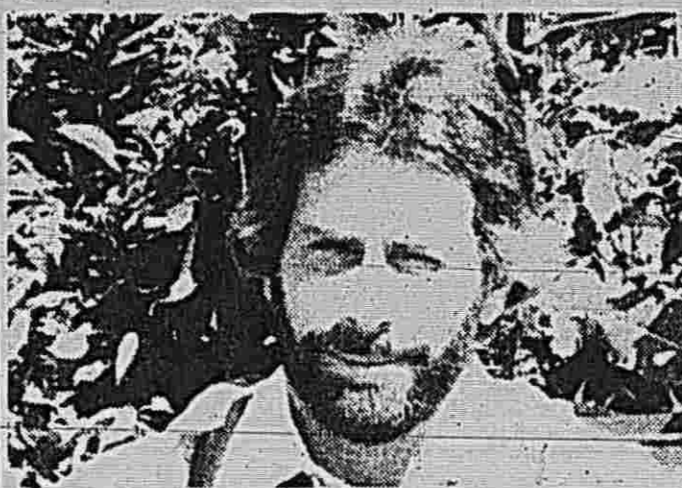

and John was a wrestler.

Both young men play the guitar and drums while Frank also plays the piano, keyboard, organ, and harmonica.

Most of these sounds are heard on their records.

Bike-A-Thon a success

Pres Reckers, chairman of the 10th Annual Antioch Bike-A-Thon for the benefit of the American Cancer Society, held Sunday, Sept. 27, announced that this year's event was a great success. Seventy youngsters rode the seven-mile route and had \$5,731.99 in pledges.

As in previous years, the Bike-A-Thon was very fortunate in having the excellent help and support of members of the Antioch Jaycees, the fire department and police department who staffed the checkpoints and kept a watchful eye on all the young bicyclists.

Between now and Oct. 31, the pledges will

have to be collected by the riders and turned into Reckers at the State Bank of Antioch.

There will be bicycles awarded to the first prize winner, donated by the State Bank of Antioch. Laurie Zimmer leads with \$661.50 in pledges.

Four Squires furnished the riders t-shirts and Foremost Liquors donated pop for their refreshment.

Bike-A-Thons were held in fourteen separate communities in Lake County that Sunday, and all proceeds go toward cancer research and the funding of Lake County cancer prevention and treatment programs.

Bessette to receive state grant

State Representative Donald E. Deuster (R-Mundelein), has awarded an Illinois General Assembly Scholarship to Margaret C. Bessette, daughter of Rev. and Mrs. Theodore Bessette, 983 Main Street, Antioch.

Bessette is a junior at the University of Illinois at Champaign-Urbana in the College of Commerce. After her university graduation in the fall of 1982, Bessette plans to attend law school as preparation for a career in government and public administration.

Bessette graduated from Antioch Community High School in 1978 where her many activities included serving as student council president.

At the University of Illinois Bessette has been elected twice to the U-C faculty/student senate, the legislative body of 200 faculty members and 50 students who determine academic policy for the University of Illinois. This year she was elected president of the senate student association.

In making the tuition award, Deuster stated: "It is a privilege to assist outstanding young students such as Margaret Bessette in pursuing their college education. Margaret is an extremely active, capable and hardworking young lady who holds great promise for making an excellent contribution in her career in the public services."

Sequoit sticks win

The Antioch varsity field hockey team began regular season play against state powers New Trier and Lake Forest.

The lack of experience, on the Antioch squad was apparent in both games; a 4-0 loss to New Trier and a 5-0 loss to Lake Forest.

Neither game was ever in doubt as both New Trier and Lake Forest scored early in the games and dominated play thereafter.

On Sept. 23 Antioch won its first regular season game, 1-0 over Oak Park.

Oak Park dominated the first half and had numerous unsuccessful scoring attempts. Tracy Manuel scored late in the first half to provide the margin of victory.

In the second half, Antioch played inspired hockey and held on for the victory.

The next Antioch home game will be against McHenry on Thursday, Oct. 8.

ACHS homecoming an 'American Dream'

Antioch Community High School will present the 1981 Homecoming Show, "American Dream," in the North Gym at 7:30 p.m., Friday, Oct. 16.

The three hour presentation will include a presentation of the 1981 Sequoit football team, coaches, and cheerleaders.

To enhance the weekend, which culminates in the parade at 10 a.m. on Saturday, Oct. 17, the football games beginning at noon, and the homecoming dance and alumni social at 8 p.m., an entertainment packed Friday evening has also been planned.

This will include, the Antioch Sequoit Mar-

ching Band, the Jazz Band, the Swing Choir, the award winning Pom Pon Squad and the drama department in various skits and performances.

Topping off the evening will be a 90 minute performance by Jade.

These six, very talented musicians, recreate the exciting era of the 50's and combine it with an electrifying and unforgettable stage show.

Jade gives tribute to all the great ones — from Elvis Presley's "American Trilogy", Chuck Berry's "Johnny B. Goode", Gene Chandler's "Duke of Earl", Danny and the Junior's "At the Hop", to Dion's "Runaround Sue" and Bill Haley's "Rock Around the Clock".

All the songs are brought to the stage in their original style and choreography. Jade

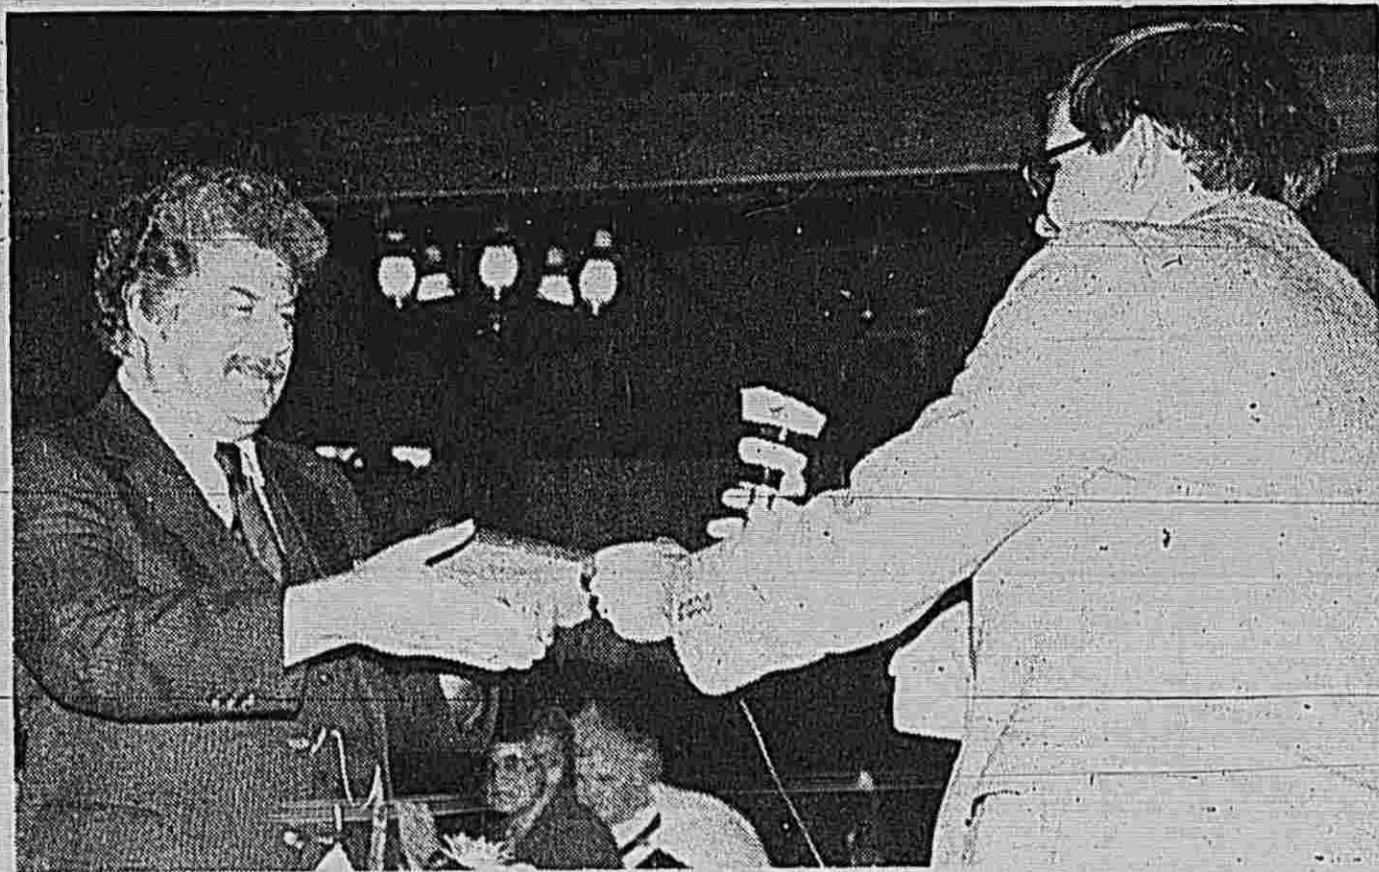

then moves into the 60's, 70's and 80's through the Beatles, the Blues Brothers, and some of their own original numbers.

Jade has performed at the premier of the motion picture "Grease" in Chicago, Chicagofest's main stage, Great America, Orlando Disney World, The Illinois State Fair, and the Chicago Playboy Club, to name a few.

The entire three hour production will be offered by ticket only. Pre-sale ticket prices will be \$3.50 for adults and \$2.50 for children under 12 years of age.

All ticket sales at the door will be \$5 per person, regardless of age.

Tickets will be offered for sale in the general office of the high school and in the high school commons by student council members.

Local chemical dependance center set for Abbey

St. Catherine's Hospital of Kenosha is proposing the establishment of a chemical dependency rehabilitation center at the Benedictine Abbey, at Benet Lake, in southern Kenosha County.

It will provide rehabilitation programs for chemically dependent patients and their families. The project is a cooperative mission of the Dominican Sisters of Siena and the Benedictine Fathers of Benet Lake.

The hospital has filed a letter of intent with the Southeastern Wisconsin Health Systems Agency as

well as an application with this agency.

"Our chemical dependency program was established ten years ago," said Ralph Meyer, director of the program, "and its value to the community and the fact that it fills a need have been reaffirmed time and time again. We need more space, which is simply not available to us in the hospital," he said.

"The Benet Lake site has a number of advantages for the establishment of the center. First, there is a building available which will be easily adapted for our needs. Second, the setting is perfect for the kind of treatment that's required with these patients," he added.

Plans call for leasing a 20,000 square-foot building which has been vacant for two years. It formerly housed the administrative offices and the publications operation of the Abbey.

The one-story brick building will be remodeled to

accommodate a 20-bed in-patient facility, plus dining, activity therapy and recreation areas.

The full-time medical unit will also serve patients who spend their days there but return home at night, as well as persons availing themselves of outpatient treatment.

The proposed Benet Lake facility will concentrate on rehabilitation. Only those patients will be admitted who have had necessary treatment to attain stable sobriety and, after thorough medical evaluation at St. Catherine's, are considered appropriate to participate in the Benet Lake program.

The detoxification process will continue to be done at St. Catherine's in Kenosha, where a 10-bed facility will be retained.

According to the hospital's certificate of need, the remodeling of the building will cost about \$500,000. It is

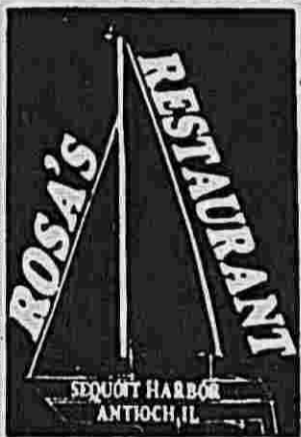

expected to start accepting patients in April of 1982.

Hospital officials expect that the unit will be finan-

cially self-sustaining. The local health planning agency will review the proposal on Oct. 14.

An after-dinner speaker has been defined as the man who talks in other people's sleep.
